

Stanley Street gallery

December 2017

Shaun Hayes

Artist Statement

My work uses a series vases adorned with an assortment of various slip cast toy parts. Combining mass produced items such as plastic toys, with the long history of ceramics and creating work responding to this blend of past and present. Works will be of varying sizes with a grouping of larger works and then a number of small stand alone pieces. All works will be high fired stoneware and glazed with selection of tinted coloured glazes.
